DANGER STARTS WELL BEFORE ZERO //

Cold stress is just as dangerous as heat stress — but with its sneaky symptoms, it often goes undetected until it's too late. Awareness is key. Being informed about the dangers of cold stress and the importance of breathing warm air can help save lives and keep workers warm, comfortable, and productive.

FROST BITE

SYMPTOMS: PALE, WAXY-WHITE SKIN COLOR; SKIN BECOMES HARD AND NUMB; USUALLY AFFECTS EXTREMITIES INCLUDING EARS AND NOSE.

RESPONSE:

- Move the person to a warm dry area and remove any wet/tight clothing that may cut off blood circulation.
- DO NOT rub the affected area, rubbing can cause skin/tissue damage.
- Gently place the affected area in warm (105°F) water. Do not pour water directly on affected area. Warming will take 25-40 mins.
- Once normal feeling, movement and color return to area, dry and wrap to keep warm.
- Seek medical attention as soon as possible.

HYPOTHERMIA

SYMPTOMS: FATIGUE/DROWSINESS; UNCONTROLLED SHIVERING; COOL BLUISH SKIN; SLURRED SPEECH; CLUMSY MOVEMENTS; IRRITABLE/IRRATIONAL/CONFUSED BEHAVIOR.

RESPONSE:

- CALL FOR EMERGENCY HELP IMMEDIATELY.
- Move the person to a warm dry area and remove any wet/tight clothing and replace with dry clothing or wrap in a blanket.
- Drink warm, sweet drinks (sugar water or sports-type drinks). Avoid caffeinated drinks.
- Have the person move their arms and legs to create muscle heat. If unable to do so, place hot packs in armpits, groin, neck and head. DO NOT rub the person or place them in warm water.

LOW TEMPERATURE + WIND SPEED + WETNESS = INJURIES & ILLNESS

Little Danger (Caution) Freezing to Exposed Flesh within 1 hour:

Danger Freezing to Exposed Flesh within 1 Minute:

Extreme Danger Freezing to Exposed Flesh within 30 Seconds:

Source: OSHA; www.osha.gov

Wind Speed (MPH)
0 10 20 30 40

When the body is unable to warm itself, serious cold-related illnesses and injuries may occur, and permanent tissue damage and death may result.

Hypothermia can occur when land temperatures are above freezing or water temperatures are below 98.6°F/37°C. Cold-related illnesses can slowly overcome a person who has been chilled by low temperatures, brisk winds, or wet clothing.

+ Rechargeable Heat Warmers

ThermaCELL® (Original) Rechargeable Heated Insoles Foot Warmers

- Designed to keep your feet warm, not hot, to avoid having your feet sweat and freeze. They are not intended to get "hot" to the touch like disposable/ chemical foot warming pads. Rather, they will keep your feet comfortable and around normal body temperature.
- Rechargeable foot warmer is operated by a wireless remote control while the foot warmer is inside your shoes or boots
- Uses high-tech wireless thermal technology—no wires, extension cords, Velcro® straps, or battery strap brackets, and no batteries mounted to the ankle, shoe, or waist
- Charge lasts up to 5 hours of constant use (on medium heat setting)
- Powered by rechargeable, built-in lithium-ion polymer batteries embedded in the insoles
- Adjustable to three temperature settings to warm cold feet by remote control: no heat, medium heat (100° F), and high heat (111° F)
- Can be recharged at least 500 times, recharges in 4 hours or less
- Remote control operates Heated Insoles and fits into a pocket or attaches to a belt
- Water resistant and easily fits into your shoes or boots
- Tested by SATRA, worldwide leader in footwear testing, research, and development
- Package includes: 2 Heated Insoles equipped with integrated rechargeable lithium-ion polymer batteries; 1 remote control with battery; 1 lanyard; 1 drawstring travel bag; 1 global charger; 1 instruction booklet

ThermaCELL
Heated Insoles
WIRELESS & RECHARGEABLE

Car Charger

- Charges ThermaCELL (Original) rechargeable heated insoles in 4 hours or less
- Charge lasts up to 5 hours of use
- Easy and convenient way to charge your insoles on the go
- Charges both heated insoles at once, from your car
- Green LED indicator light comes on when charge is complete
- Input: 12/24 VDC

DuraScrim™ PVC Flame Resistant Rain Suit

- This DuraScrim™ double coated PVC on polyester suit offers durability at an economical price
- Extremely high tear strength is the result of an open weave polyester scrim fabric sandwiched between two layers of flame resistant PVC coating
- Therm-O-Rad sealed seam construction is great for chemical splash and waterproof protection
- Thicker outside coating for better abrasion resistance, with a lighter interior coating to protect fabric from chemical contamination
- Flame resistant tested. Self extinguishing with flameout and afterglow less than two seconds after removal of ignition source and char length less than 6 inches. (Test method ASTM D6413.)

SURESPREAD™ Professional Salt & Ice Melt Push Spreader

- Solid steel linkage opens and closes the gate in incremental steps
- 43% larger gate opening to allow product to flow smoothly
- T-handle with comfort grips feature gate control at fingertips
- Steel frame fully supports hopper at its base
- Fully pneumatic tires provide stability over uneven terrain
- Patent pending poly conical auger helps agitate product and minimize clumping
- Adjustable 360° salt baffle system helps spread salt only where you want it
- Enclosed metal gears withstand the elements
- Unique two-piece hopper design allows for easy replacement of hopper
- All Season Spreader spreads salt/halite/ice-melt, fertilizer, seed and more with a simple gate adjustment
- Chapin SURESPREAD™ technology ensures an even pattern of distribution by its innovative gate design, and strategic placement of gate openings
- #82108N Grate and rain cover included

Item #82088N Powder Coated Steel Handle 12" Pneumatic Tires 80 lbs Capacity **\$192.95**

Item #82108N Stainless Steel Handle 14" Pneumatic Tires 100 lbs Capacity **\$310.00**

SURESPREAD™ Residential Salt & Ice-Melt Push Spreader

- Patent pending poly conical auger helps agitate product and minimize clumping
- 26% larger gate opening to allow product to flow smoothly
- Adjustable 360° salt baffle system helps spread salt only where you want it for maximum coverage and efficiency
- 12" fully pneumatic tires easily handle rough terrain
- Heavy duty stainless steel powder-coated frame fully supports hopper at its base
- Grate and rain cover included
- 80lbs capacity granular Ice-Melt, pretreat and De-Ice solutions, salt

Item #80088 **\$123.75**

Rubbermaid® 64oz Utility Scoop

- Made of durable, break-resistant clear polycarbonate plastic
- Offers better weight distribution
- Smooth surface for easy cleaning
- Dishwasher-safe, BPA-Free
- Made in the USA

Item #2885SS **\$9.25/EA**

Sprayon® Heavy Duty Equipment & Surface Deicer

- Melts ice, snow, frost on contact without harming the vehicle's finish
- Effective in sub-zero temperatures
- Will not smear
- Spray delivery up to 20 ft.
- Thaws ice on equipment, auto and fleet windshields, head and tail lights, locking mechanisms, doors, icy steps, small surface areas such as walkways, and much more!

Item #SP704 15 oz **\$6.25/EA**

American Rock Salt Ice Melter, 50 lb Bag

- Fast acting multiple-sized crystals with superior melting power
- Smallest crystals dissolve quickly while larger crystals last for extended period of time
- Safely used on most surfaces from blacktop, wood, stone, and gravel to properly cured air-entrained concrete

Item #49100 **\$7.75/BG**

Aspen® Snow & Ice Melter, 50 lb Bag

- Blend of sodium chloride and magnesium chloride
- Efficient and affordable ice melt product
- Contains patented inhibitors, designed to reduce impact to metal and spreading equipment
- Melts down to -7°F
- Environmentally friendly
- 67% less corrosive than rock salt
- Safer for concrete

Item #57070 **\$15.75/BG**

Pro Series® 550 Select Blend, 50 lb Bag

- Select Blend is sodium chloride based and contains potassium chloride
- Melts ice and snow to -0°F/-18°C
- Won't stain carpets or floors
- Safe for pets when used as directed
- Safe to handle; won't harm skin
- Provides extended shelf life

Item #57050 **\$15.60/BG**
